## Preface

The directory identifies individuals who hold positions in the People's Republic of China. Information was drawn primarily from Chinese press releases received through 10 July 1989. The earliest and latest dates specifically identifying persons in their positions are included. (Some exceptions were made for high-level appointments announced between 11 and 21 July 1989.) The names of females are followed by (f). Also included are a table of contents and indexes to organizations and personalities, the latter with Standard Telegraphic Codes, when available. The orthography adopted is the Pinyin system for the romanization of Chinese characters. When romanized versions of Uyghur, Tibetan, and other minority names are known, they are used; otherwise the Chinese phonetics of those names are rendered in Pinyin.

This reference aid supersedes the *Directory of Chinese Officials and Organizations* (LDA 88-12114) published in May 1988.
